

The Finest Lock

EZSET®

PR3S

TOUCHPAD
ELECTRONIC
LEVER LOCK

Designed with a sleek style to complement your home's interior, you can lock up your home office, wine cellar or storage room and never have to worry about keys. To gain entry, simply enter your personalized access code, while locking is as easy as touching a button.

Benefits of PR3S with membrane touchpad.

Fingerprint Resistant

The PR3S features a membrane switch to prevent code detection from fingerprints on the touchpad.

Extreme Temperature Safety

Membrane switches can be able to withstand harsh temperatures.

Glove-Friendly Touchpad

Membrane switches are the best user interface display option for those working in environments that require gloves because the touchpad can be embossed.

Easy to Clean & Maintain

Membrane switches are resistant to water and other liquids and easy to clean.
